

Alisher Meldebek

Senior Frontend Engineer React • TypeScript • Next.js • Node.js • Frontend Architecture Almaty, Kazakhstan | alishermeldebek@gmail.com | LinkedIn | GitHub

Summary

Senior Frontend Engineer with 6+ years of experience building fintech, marketplace, travel, and LMS products.

Specialized in React, TypeScript, Next.js, Node.js, and scalable frontend architecture. Worked on banking platforms, SSR migrations, microfrontend ecosystems, and high-traffic applications.

Experienced in mentoring engineers, conducting code reviews, improving release quality, and contributing to architecture decisions.

Core Skills

React • Next.js • TypeScript • JavaScript • Node.js • NestJS • Frontend Architecture • Nx • Microfrontends • Performance Optimization • REST API • GraphQL • Code Review • Mentoring

Experience

DAR — Senior Frontend Developer

Jan 2026 – Present | Almaty, Kazakhstan

Working on an LMS platform within an Nx monorepo, contributing to both frontend and backend development.

Key responsibilities and contributions:

- Develop and maintain React microfrontends using single-spa architecture
- Build and support backend/BFF services using NestJS
- Maintain frontend-backend consistency through shared TypeScript contracts
- Participate in architecture and integration design decisions
- Improve release stability across staging and production environments
- Collaborate with cross-functional teams to deliver features quickly and reliably
- Contribute to scalable development practices and maintainable architecture

Tech: React, TypeScript, Nx, single-spa, NestJS, Node.js

Alatau City Market — Senior Frontend Developer

Apr 2024 – Sep 2025 | Almaty, Kazakhstan

Worked on a travel platform for Jusan, contributing to product development and engineering quality across the frontend team.

Key responsibilities and contributions:

- Developed and delivered new product features for the travel platform
- Conducted code reviews and mentored junior developers
- Participated in technical decision-making and architecture discussions
- Collaborated closely with product managers, designers, and backend engineers
- Improved maintainability and development workflows across the team
- Helped ensure reliable and scalable frontend delivery

Tech: React, TypeScript, Node.js

Alatau City Market — Frontend Developer

Feb 2023 – Apr 2024 | Almaty, Kazakhstan

Key responsibilities and contributions:

- Migrated a SPA application to SSR using Express.js and Redux Saga
- Improved application performance and SEO through server-side rendering
- Adapted the web application to run inside mobile WebView environments
- Collaborated closely with iOS and Android engineers
- Participated in designing communication mechanisms between native and web layers

Tech: React, Express.js, Redux Saga, JavaScript

Kaspi.kz — Frontend Developer

Jun 2022 – Jan 2023 | Almaty, Kazakhstan

Worked on a marketplace product within a large-scale fintech ecosystem, contributing to feature development and maintaining a legacy frontend stack.

Key responsibilities and contributions:

- Developed and maintained marketplace functionality using MithrilJS
- Implemented new product features and improved existing functionality
- Worked within a structured development lifecycle including code reviews, testing, and deployment processes
- Collaborated closely with engineers and product teams to deliver features efficiently
- Improved code quality and maintained stability in a legacy codebase
- Gained experience balancing business delivery with technical constraints

Tech: JavaScript, MithrilJS

Kassa24 — Frontend Developer

Sep 2019 – Dec 2021 | Almaty, Kazakhstan

- Developed UI components
- Participated in payment service integrations
- Developed payment widgets

iBEC Systems — Junior Software Engineer

Jun 2019 – Sep 2019 | Almaty, Kazakhstan

- UI development

Education

Almaty University of Power Engineering and Telecommunications Automation Engineer Technology
